SUBJECT.

"Repairs to the Akhal Sha Khadri Darga at Channapatna"

From

The Chief Engineer of Mysore

No. 683 Dated 30th January 1905

As called for in para 4 of Govt. Pro: No. 3886-8 dated 16 June 1904, MUZ 36-94 the Chief Engineer submits for sanction an Estimate amounting to Rs 8660/- for repairing the Darga building & the adjacent bits. The Chief Engineer reports that of the items of repairs embodied in the Estimate the re-construction of the Nagarkhana may be deferred to be dealt with along with the compound wall round the Mosque

MGCPB 0 21 (05

and insufficient at present. He adds that the compound wall is necessary to prevent cattle trespassing into the Makhan. Deducting the amount for the Nagarkhana, the net cost of the Estimate comes to ~ Rs 6957/- Towards this cost, a sum of Rs 3497 is available at the credit of the Makhan.

Submitted

RS

8/2/05

Muzrai Secretary's Remarks.

The affairs of this important Durga were all settled and set right by Government Proceedings No. 3886-8/Muz.P. 36-94, dated 16th June 1904. In para 4 of those Proceedings it was directed that the Chief Engineer should be asked to submit Estimates for the necessary repairs. The Estimates now received aggregate a very large amount, viz., Rs8660/-, but I know fron personal inspection that most of the existing buildings are in a very dilapidated condition, and require renovation at an early date.

The works provided for are:-

1. Mosque.....Rs2,252.
2. Dewankhana.....,,2,710.
3. Nagarkhana.....,,1,703.
4. Akhal Sha Khadri Tomb....,, 108.
5. Gulam Sha Khadri Tomb....,, 214.
6. Oosman Sha Khadri Tomb...,, 382.
7. Bandar Khana.....,, 26.
8. Hindustani School.....,,1,177.
9. Zall.(Enclosure wall to..,, 88.
certain tombs.)

Total Rs8,660,

Out of these works, the Chief Engineer suggests that No. 3 (Nagarkhana) estimated at Rs1,703, may be deferred for the present. The amount of the Estimates is thus reduced to Rs6,957.

From Mr. Ahmed Ali's report dated 8th January 1902 printed in Govt Pro. of 16th June 1904, it is observed that owing to the suspension of the akkandar from Office and the stoppage of the allowances due to him and to the hissedars for many years, there was an accumulation of Rs2,497/4 deposited in the Govt. Treasury which might be utilised for

rposes of repair. Petitions have however been received rom some of the hissedars asking for the arrears of their allowances and these have been sent to the Deputy Commissioner of Bangalore for report. It is not easy therefore to say just now how much money is actually available for effecting repairs. Further, it is found from the periodical accounts received in this Office that a sum of 5,53?-0-9 was at the credit of this Durga on 31st October 1904, besides a sum of Rs4,072-2-6 deposited in the Savings Bank. As it is not understood how such large sums came to the credit of the Institution, particulars regarding them will be called for.

Meanwhile, to be on the safe side, I beg very respectfully to suggest that besides No. 3 (Nagarkhana referred to above) two other items viz., No. 2 (Dewankhana estimated at Rs2,710) and No. 8 (Hindustani School, estimated at Rs1,177) may also be omitted for the present, as the need for them does nbt appear to be very urgent. The other works, viz, 1.4,5,6,7, and 9, the estimated cost of which comes up to Rs5,070, may be sanctioned and ordered to be executed at once by the Public Works Department.

~~8.~~

An Estimate for a cheap kind of compound wall

also be obtained and this and the other works now deferred

may be taken up in the next and future years as funds accrue

Muzrai Secretary's Remarks:-

I inspected these buildings on 23rd October 1905 in company with Mr. Anandalwar Assistant Engineer and Mr. T. Ramachendra Rao, Amildar.

The new Masjid or praying place has been well constructed, the repair to the dome of the main tomb of Akhal Sha Khadri has been completed as also some other minor works. The sanctioned amount* appears to have been ~~newly~~ nearly exhausted and the Assistant Engineer told me that he had submitted supplemental

* Rs. 3392/-

Muzrai Secretariat. | File No. of 190

estimates for other works. The submission of these will be awaited

It seems unnecessary to undertake a costly compound wall for such a large tract of land, but an estimate may be submitted for putting up a live aloe hedge all round the entire extent of land belonging to the institution.

As the walls of the old Nagarakhana are very dilapidated and are in a dangerous condition an estimate should be submitted for ~~putting~~ pulling them down and for erecting another on a smaller scale, providing ~~from~~ for one room on the upper storey for keeping and beating the Nagaras and one room below which may be used as a Hindustani school. An ordinary gate may be provided by the side of this new building. Estimates for these may be ~~duly submitted~~ obtained for the sanction of Government

I have ascertained from the Auditor that Rs. 5096-2-1 were at the credit of the Institution in the Taluk Saving Bank, on account

File No.	of 190	Muzrai Secretariat.

Rs. 3392 already placed at the disposal of the P.W. Department for the works already executed, there is a balance of Rs. 1704-2-1 in the Bank at the disposal of the institution. A draft-letter to the Chief Engineer is submitted

Submitted to the Dewan thro' the 2nd Councillor.

(note continued)

The Chief Engineer was accordingly requested to furnish ~~supply~~ Estimates for the other items of works referred to in the foregoing paragraphs. The following Estimates have been received for Sanction:—

(1) Rs 645/- for repairing the Akkalsha Khadri tomb &c.

(2) " Rs 2039 for constructing a new combined Hindustani School and Dargah Khana.

(3) " Rs 766 for reconstructing — Osman Sha Khadri's tomb

(4) Rs 1758 for reconstructing Gul Sha Khadri Dargah

(5) Rs 3030 for constructing Dewan Khana in the Rakkhan at

(6) Rs 280 up a Line Aloe Kadapa

File No. of 190 | Muzrai Secretariat.

The total cost of these Estimates amounts to Rs 8523

11/5/06 Submitted for orders -

The question of funds has to be decided. There is only a sum of Rs 1704-2-1 at the credit of the Trust (vide page 9 of this note)

Muzrai Secretary's remarks:-

Works at a cost of Rs. 3392 were recently sanctioned for restoring the buildings connected with this Institution and out of these some have been carried out in a satisfactory manner as I found during my inspection in October 1905. The further estimates now submitted are for works which are no doubt required but they are for much

Muzrai Secretariat. | File No. of 190

larger sums than what was originally thought of.

Out of the 6 items noted on page 10 of this Note, I think, that Nos. 1,3,4, & 6 have to be provided for soon. They amount to Rs. 3449 which may be sanctioned and charged as follows:-

1700-0-0 to the savings of the Institution

1749-0-0 to the State Grant of the ensuing ——— Official year (1906-1907).

The other works must lie over for the present.

(note Continued)

Among the items of repairs sanctioned for the Alkal Sha. Khadri Darga at Chamapatna one is for putting up a live Aloe hedge at an estimated cost of Rs 280/- Syed Mahomed Hussein Pacha Khadri & others petitioned this office ~~that~~ protesting against putting up a hedge & prayed for a good compound wall. The petition was forwarded to the Chief Engineer for disposal

no 8477 d/ 18/12/06

He now submits for sanction an estimate for Rs 598 for the compound wall. The wall is only 400 feet long and runs ~~only~~ along the margin of the madras Cannanore Road & towards the Mosque.

21/12/06

File No. of 190 | Muzrai Secretariat.

whether a compound wall is necessary. It was originally estimated for but was rejected being found too costly.

From the Ex: Engineer's Report accompanying the Chief Engineer's letter it appears that the above hedging which was sanctioned by Govt has been put up and is fairly thriving now and that the hedging has been completed towards the north and East Further work is reported to have been stopped, anticipating the sanction to the present estimate for a compound wall

Sub

Muz. 8A]

Muzrai Secretariat. | File No. of 190

Muzrai Secretary's remarks:—

The construction of a compound wall was duly considered and rejected. The aloe hedge ordered has been planted and is taking root. There is absolutely no money at the credit of the Makkan and pretty large sum viz-Rs 1749/- has been contributed from the State Grant of this year for the work of this Darga and nothing more can be done. The Estimate now submitted for the compound wall may therefore be put off and the aloe hedging ordered to be completed.

Note Continued.

As per orders of the 2nd Councillor, Orders were issued in Govt P.O. no 3598-9, dated 21st January 1907, declining to sanction the estimate for putting up a compound wall for the Akhal Sha Khadri makkan at Chennapatna, and directing that the aloe hedging already sanctioned and partially executed should be completed. No further reference on this subject has been received

In May 1907, Syed Mohamed Hussein Patcha Khadri and Syed Mustan Patcha Khadri, Hakdars and members of the managing Committee of the said makkan petitioned this Office praying that the Nagarkhana and the Devankhana of the makkan may be re-constructed The petition having been forwarded to the Chief Engineer with a request to be informed as to what works could be executed to the restriction out of the materials already available and in the

File No. of 190 Muzrai Secretariat

some additional cost, that Officer has submitted plans and estimates ~~for~~ amounting to Rs 2,039 and Rs 3,030 ~~respectively~~ for constructing Nagarkhana and Hindustani School combined into one, and for constructing Divankhana respectively. The Executive Engineer, Bangalore Dr. ~~corps~~ submits a list of the old materials available, noting their condition and the use they may be put to, and expresses the opinion that those materials will contribute very little towards construction of new buildings.

It is submitted that there ~~is~~ are little or no savings at the credit of the Makkan. Vide pages 11 and 12 of this Note.

Subd. for orders.

Muzrai Secretary's remarks:—

It will appear from the previous parts of this Office Note, that Works costing Rs 6824 have been carried out and completed.

GPB—3,000—25-9-07

Muz. 8 A]

Muzrai Secretariat | File No. of 190 -

The Darga has been largely improved and the building is in sound condition. The question of constructing a Nagarkhana and compound wall was considered by Govt. and the execution of those works was rejected for want of funds. Even now there is absolutely no savings at the credit of the Darga and it is therefore not possible to include in the Estimate for constructing the Nagarkhana and the compound wall. The Estimates may be returned to the Chief Engineer who may be informed accordingly. The Petrs may also be told that it is not possible to carry out the works until sufficient savings accrue.

Chief Commissioner
of Mysore
Revenue Dept.

Sir,

I have the honor to state that certain individuals of the Abdul Kadir Mark-Kan of Channapatna in the Closepet Taluk having repeatedly complained to this office that the Manager of the Mark Kan has neglected its necessary Repairs, I the Assistant Commissioner deputed Rasendra Mudaliar to inspect the building, and found it to be

in want of Repairs. As there is no fund available to carry out the work that Officer proposed to raise 50 Rs a month from the fixed monthly allowance assigned to the institution. This arrangement, in my opinion, not being prejudicial to the monthly actual expenditure in the Mahkam, orders have been issued to the Clerk Accordingly to effect savings accordingly. Under such circumstances, I beg to submit herewith, an estimate prepared by the Executive Engineer, Bangalore Division, for the Repairs, and request that the Chief Commissioner's sanction may be accorded thereto, the cost thereof, viz, Rs 2303 being

-rnet from the said Savings-

General No. 6623-4
R. No. 1190

Intimates the manner
in which the Estimate for Rs
2.303 for repairing and erecting
a wall round the Abulsha
Khadri Makan at Chenna-
patna may be carried out.

Read:-

Letter from the Dy. Coml of the Bangalore Distt, No. 669. of the 26th January 1881, submitting for sanction an estimate for Rs. 2,303 for repairing and erecting a wall round the Akulsha Khadri Makan at Chennapatam in the Closepett Taluk, and proposing to meet the cost by setting apart Rs 50 out of the monthly allowance granted by Govt to the Makan. Order thereon:-

No 623-4 of 14/2/81.
R. 1190

The rule now observed is that each religious and charitable institution should bear the cost of its repairs from the savings in the grant made to it, and the arrangement made in the case under notice in accordance with the above is approved. The opinion of the Manager of the institution, however, should be taken in regard to the Estimate, and if it is they prefer to carry out the work themselves, they may be permitted to do so with the [illegible]

that the allowance will be stopped if the buildings are not kept in proper repair. If the repairs are to be carried out by Government by deductions from the allowance, it may be desirable to defer the less urgent portion of the work till the savings accumulate ~~to a sufficient sum~~. It is observed that the greater portion of the Estimate is for the compound walls which if they have not been in existence heretofore may as well be deferred till a sufficient sum can be obtained by savings from the allowance.

cretary.

Vide Chief Com'r's Proceedings No 6478/98 dated 29th September 1876 wherein the Makandar was directed to furnish a list of authorized cessions payable out of the Makan allowances and to submit the Amildar quarterly or monthly acquittance rolls of allowances disbursed by him. This order was not complied with.

The Makan building is stated to be in a ruinous condition and the Makandar could not afford to execute the required repairs.

Under these circumstances, Mr Ricketts recommends that the Management of the Makan should be taken out of the hands of the Makandar.

An Estimate amounting to Rs 2303. has been prepared by the O. W. D. for repairs to the Makan, and this, means the portion ~~noted~~ connected with the compound wall, has to be put in hand at once. Of Rs 3000 now standing to the credit of the Monthly Cess saved out of the Monthly allowances

T.

18/4

Memo

Chief Commissioner's Proceedings No 6478/78 received in 1876, regarding the Akalshakhadu Makam in Chennapatam, is herewith sent up. As therein ordered a correct list of authorized pensions does not appear to have been furnished by the Makandar as yet. He had, however, furnished one which did not tally with the monthly "vatwada putty" it was therefore ordered that a correct list should be prepared by the Manager.

In view to get a correct list the Amildar called upon him by notices to attend the Talik Cutcherry for the preparation of the list but the Makandar neglected to come [illegible] No Notice of them. The Amildar therefore suggested in his [illegible] dated March 1877 that [illegible]

Not in the file.

of the allowance may be stopped
until a correct list was furnished
by the Makandar, and at the same
time stated that he would submit
a more detailed report on the subject.
This does not appear to have
been received from the Amildar.
Since then the matter remains un-
-settled and complaints against
the Makandar by the other share
holders are numerous: they said that
the Makandar has neglected the
necessary repairs to the Makan
which is badly out of order,
that he does not perform the
services properly connected with
the institution, and that he has
failed to disburse them fixed
stipend regularly. The Makandar
was more than once personally
warned by me to look to the affairs
of the institution more attentively,

and to execute the necessary repairs, though he promptly promised that he would do every thing correctly, yet that nothing was done after the lapse of considerable time I was perfectly convinced that nothing would be done by him, so a Notice was issued to him to Commence the repair of the building within a months time. He took no notice of it. Whereupon the arrangement approved of by the Chief Commissioner viz. to stop 50 Rs: a month from the allowance was suggested.

The accumulation made up to date at that rate amounts to about Rupees 300.

The Makundar has been and is stating in his letters that he is prepared to undertake the execution of the work immediately, which he is not able to do, and which he does not mean to do while his

× Proceedings No 6623-4 dated 1190 14th February 1881.

Shareholders are in favor of the repairs being executed through the Government agency —

The Makandar now alleges that Rs: 71-3-2 allowed for the monthly allowance of the Makam people are not sufficient, and the list furnished by his adverse party as to the possibility of saving Rs: 50 towards the repair is incorrect — This point cannot satisfactorily be ascertained until payment is made actually by the Taluk authorities, and even if his allegation is correct of which I am doubtful, I would Suggest that a rateable reduction should be made in the allowance of the individuals concerned, until the required sum to execute repairs is accumulated, of course eliminating the item of Compound wall; that the Amildar be authorized to disburse the allowance as a temporary

temporary measure on the spot;
Better through D.C.W. (Initialled) L.R. and that the repairs be carried out through the Taluk agency

As the allowance does not seem to have been disbursed to the people for the last 4 or 5 months early instructions are solicited.

/Signed/ Syed Nusseeroodeen
Ass.t Commissioner

Dated 18th March 1861.

A further reference to the Secretary should be made on the subject. Dy Commissioner

Memo

The Chief Commissioner's Proceedings No 6478/76 received 6/1/76 regarding the Abulsha Khadri Makam at Chenapatna, is herewith put up. As therein ordered a correct list of authorized pensions does not appear to have been furnished by the Makandar as yet. He had, however, furnished one which did not tally with the monthly "batwada" pay. It was, therefore, ordered that a correct list should be prepared by the Manager.

In view to get a correct list, the Amildar called upon him by notices to attend the Talook Cutcherry for the preparation of the list; but the Makandar appears taken no notice of them. Amildar, therefore,

suggested in his report No 911 † Vol in the Pb.
of March 77 that the payment
of the allowance might be
stopped until a correct list
was furnished by the Makandar
& at the same time stated that
he would submit a more
detailed report on the subject
This does not appear to have
been received from the Amildar.
Since then the matter remained
unsettled & complaints
against the Makandar by
the other Shareholders are
numerous they say that the
Makandar has neglected
the necessary repairs to the
Makan which is in bad
order; that he does not
perform the services properly
connected with the institution
& that he has failed to
disburse their fixed Stipend
regularly The Makandar

was more than once personally
& warned by me to look
to the affairs of the institution
more attentively and to
execute the necessary repairs
though he promptly promised
that he would do everything
correctly ~~but~~ did nothing
and after the lapse of consider-
-able time ~~and~~ I was perfectly
convinced that nothing would
be done by him on a notice was
issued to him to commence the
repair of the building within
a month's time. He took
no notice of it. Whereupon the
arrangement approved of
by the Chairman viz to stop
50 Rs. a month from the
allowance was effected

No 6623-4
1690
Feby/81

The accumulation made
up to date at that rate
amounts to about ~~Rs~~ Rs 360

The remainder has been
+ is stating in his petition
that he is prepared to undertake

the execution of the work himself which he is not able to do & which he does not mean to do, while his share holders are in favor of the repairs being executed thro' the Govt agency

The Muhammadan now alleges that Rs 7 allowed for the monthly allowance of the Muslim people are not sufficient and the list furnished by the adverse party as to the possibility of saving Rs 50 towards the repair is incorrect. This point cannot satisfactorily be ascertained until payment is made actually by the Talook authorities & even if his allegations is correct of which I am doubtful, I would suggest that a valuable reduction should be made in the allowance of the individuals concerned until the required sum to execute repairs is accumulated ~~deducting~~ allowing for the item of compound that the

to disburse the allowance as a temporary measure on the spot; and that the repairs be carried out thro' the Lahore agency.

Letter P.W. thro' P.W.

As the allowance does not seem to have been disbursed to the people for the ~~last~~ 5 months early instructions are solicited.

18-3-81

A further reference to the Secretary be made to the Secretary on the subject. It seems impolitic to expect the Munkandar to carry on things smoothly & with the dispensary prevalent, it appears advisable to entrust the Amildar, supervised by the Zilla Nazarooder, with the duty of preparing annual lists & making the monthly payments

The repairs, mainly the compound wall, shd in my opinion be carried out by the Executive Engineer

Read:-

Letter from the Dy. Comm. of the Bangalore Dt., No. 6 R of the 4th April 1887, forwarding for order a memorandum regarding the repairs of the Akul-Shakhadri Makan at Chennapatam.

No 827-8/20 of 6 May/87 Order thereon:-

It is observed that the reduction made from the allowance up to date viz Rs. 300/- is nearly sufficient to meet the cost of the Estimated repairs viz Rs. 355 excluding Compound wall and Contingencies. The Dy Com may arrange for the repairs being executed by Govt. in the event of the Makandars not undertaking the work themselves. Should the Makandars offer to execute the repairs according to Estimate

Concept, (Serial No. 23.)

D. No. 546

Bangalore
Dated 21st October 1887.

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

With reference to Dewans Proceedings No. 1460-1/81 of 22nd May 1882, sanctioning the revised estimate for Rs: 1035-/- for repairing the Mulsha Khadree Makan at Channapatana, I have the honor to inform you that in the course of the execution of the repairs, many deviations from the estimate were found to be necessary. The repairs executed to the Makan have proved insufficient and further repairs are absolutely needed for the thorough restoration of the building. The Executive Engineer, Bangalore Division now forwards the enclosed

To the Executive Engineer (Civil) Bangalore
Dy. No. 1077 of 24 Oct 1887.
388
with reference to his estimate (as to Mulsha) signed by Rahimsab

re revised estimate for Rupees 2541/, providing for all the repairs required, and sanction is solicited for completing the work. As regards the funds required the Sub Division Officer of Closepet recommends Rs: 50/ a month being saved out of the Makan allowance, as was done before, and this appears to be the best course to be adopted, as any further loss of time will enhance the cost of repairs. The entire cost of the repairs will, in the first instance, have to be defrayed by the Government and recouped afterwards by instalments from the Makan allowance. Should the proposal be approved, the Amildar will be directed to credit Rs: 50/ every month to the Public Works Department till the whole amount is paid up. I solicit early orders in the matter.

I have the honor to be

READ THE FOLLOWING—

(i) Petitions from Syed Mahomed Hussain Badsha Kadri and others of Channapatna, complaining of the mismanagement of the affairs of the Akhal Sha Khadri Darga by its Makkan dar Syed Mahomed Sultan Mohadeen Sha Khadri.

(ii) Petitions from Syed Buran Sha Khadri of Thimmasandra village in the Kankanhalli Taluk, claiming from the Darga allowance a sum of Rs. 3-10-8 monthly enjoyed by his grand mother Surfa Bibi during the life time.

And,

(iii) Correspondence ending with letter No. 914, dated 27th February 1903, from the Deputy Commissioner, Bangalore District, reporting on the above and forwarding copy of letter No. 105 of the 8th January 1903, together with the following memo from the Assistant Commissioner in charge of the Channapatna and other Taluks :—

"The Makhan at Channapatna Akkalsha Khadri Darga, receives a monthly allotment of Rs. 121-3-2 from Gevernment for Chirakbatti for illuminating the Darga. Out of this sum, a sum of Rs. 79-10-5 is distributed among descendants of the Khadri by the Makkandar and the balance is kept apart to meet the establishment charges for Ooroos, Fatiah and for feeding fakirs.

For many years, the head Makkandar, *i. e.*, the headman of the Khadri family, used to draw the allowance from the Taluk Treasury and distribute the amount among the minor shareholders (38 in number). Complaints were received subsequently against the Makkandar stating that the hissedars were not properly receiving their monthly allowances, that the Makkan was in a dilapidated condition and that the Manager was misappropriating the allowances for his own personal benefit and that amounts drawn for persons who have no concern with the Makkan and utilized by the Makkandar should be held at the credit of the Makkan. Such, in fact, is the tenor of the complaints repeatedly made by several individuals. An enquiry was made in 1894 by the late Muzrai Superintendent and an hearing, the Manager passed orders to to the effect that the amounts may be disburshed from the Trearury direct to the shareholders as per Inam certificates granted in their favor. Since then, the amounts are being regularly drawn and disbursed from the Treasury to the hissedars.

It may be interesting to give here the origin of the Institution, its resources and expenditure.

Akhalsha Khadri was the great preceptor of Hyder Ali. During the life-time of the latter, an idea of founding a makkan for distribution of charity to fakirs in his name suggested itself to his disciple Hyder Ali, who was then in the service of the late Highness Dodda Krishnaraj Wadeyar Bahadur.

Hyder Ali obtained, on payment of money from the Maharaja, the Jahgir of six villages yielding a revenue of 600 pagodas as shown in the copper inscription of Salivahana 1682 corresponding with A. D. 1759. The Khadri died 40 years after the date of the said grant.

During the time of Tippu Sultan, the whole Inam villages were in the enjoyment of the Makkan. But this was subsequently resumed during the administration of the Dewan Purnayya and in their stead, a cash allowance of 600 pagodas was granted, which was subsequently reduced to 500 pagodas which is equivalent to Rs. 1,454-6-0 annually or Rs. 121-3-2 per mensem.

On the 30th November 1877, the Inam Superintendent confirmed the said grant of Rs. 121-3-2 as per Title Deed on the condition that the grant is only to continue so long as its object is fulfilled and the Makkan is kept in good order. The Inam Superintendent's settlement order makes an allusion to a long-standing dispute among the shareholders with a remark that it was for the revenue authorities to settle the same.

The allowance is spent as follows :—

	Rs.	a.	p.
1. To the shareholders in different proportions	79	10	5
2. Pay of servants	19	12	11
3. Ooroos, fatiya, etc.	14	15	6
4. Sadil Warid	6	12	4
Total ...	121	3	2

The present Manager Syed Sultan Mohadin Sha Khadri is one of the said 38 holders. His own stipend is Rs. 14-10-2 while that of the remaining shareholders varies from 1 annas to Rs. 4-2-0

The Manager and the other shareholders have not been in harmony with each other and have been quarrelling for many years past. Akhalsha Khadri, the founder of the Institution and the preceptor of Hydor Ali left his son Syed Usman Sha Khadri, who was succeeded by his son Syed Peersha Khadri, after whose death his son, the present Manager Syed Sultan Mohadin Sha Khadri was recognized by Government in 1864.

The present Manager's father Syed Peersha Khadri was the son of Syed Usman Sha Kadri by his first wife, while the other 37 shareholders are the descendants by the other 23 wives of the said Usman Sha Khadri.

It appears that under an order, dated 6th April 1822, the present Manager's opponents claim the amount of shares payable to them which was fixed by His Highness the late Maharaja Krishnaraj Wadeyar Bahadur.

In Proceedings No. 6478/98 of the 29th September 1876, the then Chief Commissioner ordered that the allowances to the shareholders should be paid to them through the present Makkandar, Syed Sultan Mohadeen Sha Khadri, who was however declared to have no power to discontinue the allowance of any one of the recipients. This order continued in force up to August 1894, when, in consequence of the dispute between the Makkandar and the shareholders, the late Muzrai Superintendent directed the disbursement of the allowances through the Amildar.

It appears that the Inam lands attached to the Makkan are not in the enjoyment of the present Manager owing to disputes and his sucsebuent suspension in 1900. The amounts due to the other minor shareholders are being paid regularly from the Treasury, while it is understood that the allowances due to the Makkandar have been withheld and kept in suspense. Other sundry items have also been held in savings to the credit of the Makkan.

The present Makkandar was no doubt solely responsible for this confused state and mismanagement of affairs and his explanations are not fully satisfactory. Ever since the sudden death of his only son, he left Channapatna and resided in Sivasamudram. Holding, as he did, an independent management and there being no Government interference, it was therefore possible for him to manage things in his own fashion by depriving the other shareholders of their legitimate dues, etc., and this ultimately led to mismanagement of affairs. In fact, matters reached a climax and the complaints against him were repeatedly made that it was found necessary for the Government to interfere for the purpose of restoring order and to put the affairs in good condition.

One Syed Mahomed Hussain Bhadsha Khadri has put in petitions regarding the mismanagement of affairs by the present Manager, Syed Mahomed Sultan Mohadin Sha Khadri. Almost all the petitions which speak of the so-called mismanagement relate chiefly to the circumstances of the present Manager having misappropriated the allowances due to certain other hissedars for his own benefit and in not getting the necessary repairs done to the Makkan, and the Government so far back as 1895, desired in Proceedings No. 832—Muz. F. 36-94, dated 20th March 1895, to be informed of this allegation of mismanagement.

To avoid any more repetition of such mismanagement and irregularities, a detailed list of daily performances and of special ceremonies has been prepared and sent to the Amildar. A Committee of eight respectable Mahomedan local gentlemen, who seem to me to be much interested in the efficient administration of the Institution, has been formed and a list of their names submitted for sanction. Their powers will be similar to those of Dharmadarsis of Hindu Charitable Institutions. Amicable settlements have been effected between the contending factions who were strongly persuaded to realize the fact that such quarrels will ultimately end in loss to them and in the deterioration of the makkan itself. A careful and sifting enquiry has been held of the claims of several recipients of stipends and disposed of in accordance with the Mahomedan Law. A few vacancies caused by the demise or disappearance of the stipendiaries were transferred to the names of the nearest legal heirs. The present Makkandar Syed Sultan Mohadin Sha Khadri, who resided at Sivasamudram has now come to Channapatna and has given a mutchalika to manage the makkan on the most approved lines, subject to the supervision of the Taluk authorities. I strongly recommend that his temporary suspension from his office be cancelled and he be reinstated in his office as Manager with arrears of pay. Syed Mahomed Hussain Sha Khadri, who has been repeatedly complaining to the several authorities about the management of the makkan has been appointed Morzan and the other leader Syed Hayath Sha Khadri, the khathib of the makkan.

As regards the repairs not being carried on by the Makkandar, this was not possible then owing to mismanagement of affairs and there being no funds at the credit of the makkan from which the cost of repairs may be met.

From the time of Government interference in 1894, it has been found possible to deposit in the Government Treasury a good sum sufficient to meet the cost of repairs after paying the allowances to the minor shareholders. The personal allowance of Rs. 14 and odd to the Manager has been withheld payment ever since his suspension as also all other items of expenses except stipends paid to the hissedars. This, coupled with the revenues of Inamati lands till now enjoyed by him as the sole Agent and Makkandar, has reached an appreciable figure of Rs. 3,497, which sum is held in deposit in Government Treasury.

Darga Allowances.

The allowauces were fixed under an order, dated 6th April 1822 by His Highness the late Maharaja Krishnaraj Wadeyar Bahadur to the ancestors of the present sharcholders. In the Chief Commissioner's Proceedings No. 6478/98, dated 29th September 1876, this was confirmed and the allowances have been regulary paid to the hissedars Since then the payments have been made for their own personal benefit. Instances have come to notice in which persons unconnected with the Makkan have been found enjoying the money allowances and this practice, if it exists, should be condemned. The legal claimants should first be ascertained in view to the allowances passing over to them in the first instance. Should no claimants come forward the sums may be brought under " savings " to the credit of the makkan.

Accordingly, a statement showing the claims of 38 shareholders including the Manager has been prepared as aslo the amount of share due to each individual with an opinion as to the individual who may be recognised as the legal hissedar in each case.

The one notable instance is the repeated complaint of Buran Sha Khadri of Timmasandra village, Kankanhalli Taluk, praying for the allowance of Rs. 3-10-8 which was continued to his grandmother Surfa Bibi during her life-time and to which, after her demise he states he was entitled.

The circumstances of the claim are as hereunder;—

One Pacha Sahib was in receipt of an allowance of Rs. 5-8-0. After his death it was transferred to his two wives in different proportions. The first wife Surfa Bibi getting two shares, *viz.*, Rs. 3-10-8 while the second wife Sharifa Bi was allowed one share *viz.*, Rs. 1-13-4. The said Surfa Bibi died and the allowance was kept in suspense pending the claims of the rival claimants.

Buran Sha Khadri of Timmasandra, son of Hussain Patcha, was one of the claimants, while the other Syed Ali claimed as being the grandson of the late Patcha Sahib by his second wife under a will executed in his favor by his step mother.

In Chief Commissioner's Proceedings No. 6478/98, dated 29th September 1876 the said Buran Sha Khadri was referred to the Civil Court for establishing his right and title to the allowance. From a careful enquiry held by me on the spot, it has been satisfactorily established that the present claimant Syed Buran Sha Khadri is the lawful eldest son of Hussain Patcha. Respectable Mahomedans of the place have come forward to give evidence to the legal marriage of the petitioner's mother to Hussain Patcha. The other parties have offered no evidence to prove their plea, *viz.*, that Syed Buran Sha Khadri was not an issue of a legal marriage. This plea is easy of averment but difficult to prove. I therefore recommend that the stipend of Rs 3-10-8 payable to Surfa Bibi be transferred to the name of Buran Sha Khadri the legal grandson of the deceased Bibi.

Repairs to the Makkan.

There is doubt about the present dilapidated condition of the makkan. The Makkandar and the shareholders should be held responsible for this ruined condition, seeing that the object of the original grant was to continue the allowance only so long as the religious ceremonies (Oorous and Fatia, etc.) were duly observed and the Makkan was kept in good condition.

The cemetery and Nagarkhana Masjid have tumbled down. The Dewankhana leaks and will follow other buildings if not promptly repaired. An estimate was once prepared by the Taluk Amildar so far back as 1897. There is a Masjid attached to this makkan in a village called Santemogenahalli. A sum of Rs. 3,497-0-4 is held in the Government Treasury to the credit of the makkan. I submit that the Executive Engineer, Bangalore District, may be requested to prepare a proper estimate for all the necessary repairs and then submit to Government for sanction. The repairs of course will have to be executed by the Public Works Officers.

Out of Rs. 14 and odd granted to the present Makkandar, a sum of Rs. 3-11-9 has to be paid for life to Syed Hayath Badsha Khadri, as being the nearest legal heir to the deceased Syed Ali in whose favor a decree was passd by the Civil Court long ago.

The amount of Rs. 2-11-0 shown against Hazarambi and Rs. 4-10-0, against Hazanath Patcha in the hissedars' claim list will lapso to the credit of the Makkan and for opening a school therein for the religious education of the Mahomedan boys. This has been noted in the Mutchalika given by the several hakdars of the Makkan.

The amicable settlements have been effected in this way between the contending factions. The sum of Rs. 30 required to meet the expenses of three Oorooses, *viz*, Ahamad Sha Khadri, Khader Padsha Khadri, Mahomed Sha Khadri should be paid into the hands of Syed Mahomed Hussain Patcha Khadri and all the hakdars will have general supervision over the celebrations.

As regards the celebrations of five other Oorooses of Hazarath Akhalsha Khadri, Goolsha Manjal Sha Bi, Budan Sha Khadri, Oosman Sha Khadri, the Agent Syed Sultan Mohadin Sha

Khadri will conduct the celebrations in the course of the year incurring the necessary costs. Syed Mahomed Hussain Patcha and his men will attend the Oorooses and the Agent will also conduct the four fatiyas during the year.

The four fatiyas, that is to say, Moharam, Rabbilaval, Dastgiri Sab's fatiya, two Khutbas (Ramzan and Bakrid) will be conducted annually The annual revenue derived from the Doddi will be collected by the Agent and the above Moharam Fatiya will be conducted in the presence of Syed Mahomed Hussain Patcha and his men. The expense list will be prepared and given to the Taluk Cutcherry by the Agent and all the hakdars may peruse them whenever they desire to do so.

Out of Rs. 12-13-0, which lapse to the credit of the Makkan, a sum of Rs. 5 will be spent upon the religious instruction imparted to the Mahomedan youths in the Makkan, the balance being left to the credit of the Makkan.

The revenue of the Inamati lands belonging to the Makkan in the Gandavadaru village will be distributed among the several hakdars and servants attached to the makkan. In this way amicable settlements have been effected.

No. 3886-8—Muz. F. 36-94, dated Bangalore, 16th June 1904.

Order thereon.—The Akhal Sha Khadri Darga at Channapatna is an important Mahomedan Institution endowed with a monthly Cash grant of Rs. 121-3-2 besides certain Inam lands for Fatiya and other services and for the maintenance of the Darga building. Owing to the mismanagement of the Institution by the Makkandar and to his continued absence from Channapatna and also to disputes among the descendants of the original holder for shares of stipends due to them, the affairs of the Institution have fallen into great confusion. Mr. Ahmed Ali, Assistant Commissioner in charge of Channapatna and other Taluks, has instituted an elaborate enquiry into the various complaints and has submitted the detailed memo read above. The several points urged for consideration of Government relate to the following, *viz* :—

(i) The monthly allowance of Rs. 3-10-8 claimed by Syed Buran Sha Khadri of Thimmasandra village.

(ii) The irregulár payment by the Makkandar of stipened allowances to some of the shareholders and the consequent dispute amongst them.

(iii) The dilapidated condition of the Darga building and the measures proposed to be adopted for its restoration.

(iv) The general mismagement of the affairs of the Institution by the present Makkandar and the steps proposed to be taken to prevent the same in future.

2. *Firstly*, as regards the stipened allowance claimed by Syed Buran Sha Khadri, the Assistant Commissioner who held a sifting enquiry into the claim is satisfied that the claimant is the legal grandson of Surfa Bibi, the original incumbent and has as such established his right and title to the allowance of the deceased. The allowance of Rs. 3-10-8 enjoyed by the deceased is recommended both by Mr. Ahmed Ali and the Deputy Commissioner to be transferred to Syed Buran Sha Khadri. This recommendation is sanctioned.

3. *Secondly*, as regards the irregular disbursements of the monthly allowances due to certain stipend holders, it is reported that the allegations of the petitioners that the Makkandar withheld payments to some of the shareholders, are true. To put an end to such complaints in future the Assistant Commissioner has, after a detailed enquiry, submitted a list (hereto appended) showing the names, etc., of each recipient of the stipend and the amount payable to each. The recipients, who number 38 in all are reported to be the legal claimants. The disbursement of the allowances as per list referred to above, is, as recommended by the Deputy Commissioner, approved. And, such disbursements will as heretofore be made by the Taluk Amildar himself in

Muzrai, dated 16th June 1904.

accordance with the foregoing list, as directed in Government Peoceedings No. 832—Muz. F. 36-94, dated 16th March 1895. Of these 38 recipients the stipends payable to the marginally noted three individuals aggregating Rs. 12-13-0, are reported to be brought under savings owing to the absence of the claimants thereto. It is proposed to establish in the Darga, a Mahomedan religious school, the cost of its maintenance *viz.*, Rs. 5 a month being met from the savings of Rs. 12-13-0 referred to above. This proposal is sanctioned tentatively for a period of one year after which a report as to its working should be submitted for orders of Government.

	Rs.	a.	p.
Gous Sha Khadri... ...	5	8	0
Hazarambi	2	11	0
Hazarath Patcha	4	10	0
Total ...	12	13	0

4. *Thirdly*, as regards the disrepaired state of the Darga building, the Deputy Commissioner states that he has requested the Executive Engineer, Bangalore Division, to forward estimates for needful repairs. The Deputy Secretary to the Government, Muzrai Department who inspected the Institution during his tour in April last, 1903 is of opinion that it requires immediate renovation. The Chief Engineer of Mysore is accordingly requested to issue necessary instructions in the matter and obtain and forward for sanction of Government in the Muzrai Department an estimate for the repairs of the building.

5. *Fourthly*, as regards the general mismanagement of the affairs of the Institution by the makkandar, it is clear from the communications read above, that Syed Mahomed Sultan Mohadin Sha Khadri, the present Makkandar, has grossly mismanaged the affairs of the Darga and has caused a great deal of confusion. On this ground he is said to have been suspended from the office by the local officers in 1900. The Assistant Commissioner now recommends that the suspension may be cancelled and the Makkandar reinstated in office, as he is reported to have permanently come back to Channapatna and given a Mutchalika binding himself to manage the Darga affairs on the most approved lines, subject to the supervision of the Taluk authorities. In these circumstances the Government are pleased to sanction the reinstatement of the Makkandar to his office. As regards, however, the recommendation to the disbursement of the arrears of allowance due to the Makkandar during the period of his suspension, the same will have to be dealt with separately on receipt of a detailed report from the Deputy Commissioner, showing the particulars of the suspension of the Makkandar together with his opinion in regard to the disbursement of the arreas in question.

6. *Lastly*, in regard to the future management of the Darga, the Assistant Commissioner reports that detailed list of daily services therein together with periodical ceremonies connected therewith, has been prepared and forwarded to the Amildar for guidance. To supervise the working of the Institution, the names of eight respectable Mahomedan residents of Channapatna are suggested for their being appointed Nazarine-ou-Koffs. The proposed number appears to be unnecessarily large and sanction is accorded to appoint five of them, a notification for which purpose will be separately issued. Their duties and powers will be the same as those of Dharmadarsis appointed from time to time for Hindu religious Institutions.

7. As regards the income of the Inam land attached to the Darga being rateably distributed among the shareholders, the Government cannot accept the recommendation as it will be prejudicial to the interests of the Institution. The entire income should be regularly collected and credited to the funds of the Darga in view to its being utilized towards the periodical repairs thereof.

M. SHAMA RAO,
Offg. Secy., Muzrai Dept.

To—The Deputy Commissioner, Bangalore District, returning the entire records.
The Chief Engineer of Mysore, with reference to para 4.
The Comptroller to the Government of His Highness the Maharaja of Mysore for information.

Comptroller, Mysore for Govt
Dy: Commr, Bangalore Dt.

Docket No.5046 dated 23rd August 1905, from the Superintending Engineer, Eastern Circle, to the Chief Engineer of Mysore.

Chief Engineer's No.2117 of 27th March 1905, forwarding copy of Government Proceedings sanctioning an estimate amounting to Rs.3,070 for repairing the Akhal Sha Khadri Durga at Chennapatna and requesting to submit an estimate for a cheap kind of compound wall round the Makhan &c.

With reference to the above, has the honor to submit herewith 3 alternative estimates marked A.B and C amounting to Rs.2,501,1,976 and 1,516 respectively for favour of approval and orders. Burnt stone being preferable to Brick for constructing the compound wall, the Executive Engineer's estimates are accordingly modified in this office.

2. The undersigned would suggest the adoption of estimate C, which amounts to Rs.1,516 and which also encloses all the important buildings of Makhan with the only exception of open grounds X and Y situated in the north and south-west respectively.

3. Executive Engineer's report on the estimates which explains clearly the different lines of compound wall adopted in the 3 estimates is also enclosed for perusal.

&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&

No.5774 Dated Bangalore 31st August 1905.

Copy of above (with the alternative estimates) forwarded to L.Anantasami Rao Esquire, Secretary to the Government of H.H.the Maharajah of Mysore, Muzrai Department, for orders, with reference to para 3 of Government Proceedings No.3494-6 dated 17th March 1905.

2. The usual establishment and tools and plant charges have been added by this office to the estimates which now amount to Rs.2,764,2,184 and 1,676 respectively. It will surely be easy to avoid the destruction of the fine tamarind tree by diverting the wall as shown in red pencil on plan.

Forwarding Estimate for constructing Compound wall & for ~~repairing~~ the Akhaltha Khana Durga at Channapatna for orders &c

"

Makkhan at Nemmakatua.

(Reference Superintending Engineer's
No 2197 Dated 11-4-05.

Three alternative estimates A B. & C have been framed for the compound wall.

2. Estimate A. provides for a Compound wall 1742½' long - along S F, F L, L K, K H, H G, G C, C B, B T, V A and A R, marked on the accompanying tracing, enclosing all the buildings in the Makkhan and its adjoining grounds X and Y situated on the northern and western sides of makkhan - respectively and it costs Rs 2676.

3. Estimate B. makes provision for a 1392' Compound wall along A R. S F, F E, E D, D C, C B, B T, and V A excluding the open yard X on

The

the north side of the
Makkhan and it amounts to
Rs ~~2069~~ 1976.

SECRETARY'S OFFICE
Postng
24 AUG 1905
Circle

4435

4. Estimate C Here the wall runs along S-E, ED, DM, NA and PR In this case both the open yards X and Y are left out and the enclosure is confined to the buildings of the makkhan. The length of wall thus reduced comes to 1058' and its cost is Rs ~~1586~~ 1516.

The first two Estimates are as per desire of the Makkhandars and it does not appear quite necessary to enclose the grounds X and Y as a cheaper line fence can be planted at not much cost. The 3rd alternative estimate may be approved as it encloses all the buildings and also detached graves.

No 2299 S/15.11.05.

To,

The Chief Engineer
of Mysore

Sir,

Adverting to your memo no 5774 of 31st August 1905 forwarding alternative Estimates for repairing the Akbal Sha Khadri Darga at Chennapatna, I am directed to state that I inspected the Darga and its adjoining buildings on the 23rd ultimo in company with Mr Anandalwar, Asst Engineer. The need mapped has been well constructed the repairs to the dome &c

the main tomb of Akbar
& Sha Khadi has been completed
as also some other minor
works. The amount
sanctioned in Govt Pro
L No 3494-6 / Misc:7. 36-94 of 17th March
905, appears to have been
nearly exhausted, and the
Asstt Engineer told me that
he had submitted supplemental
~~xxxxx~~ Estimates for the other works.
The receipt of these is awaited.

2. It is necessary
to undertake a costly compound
wall and I am therefore
to request the favour of
you forwarding an Estimate
for putting up a live aloe

hedge all round
on the extent of land
belonging to the institution

3. The walls of the old
Nagarkhana are very
dilapidated and are in
a dangerous condition. An
Estimate should be forwarded
for pulling them down and
for erecting another on
a smaller scale, providing
proper room on the upper
storey for keeping & beating
the Nagaras (drums) & one
room below for being used
as a Hindustani School.

An ordinary ~~fa~~ latrine must
~~should~~ be provided by the side

of this new building.

Estimates for these may be kindly forwarded for the sanction of Govt. at an early date

4. The Estimates and Plan received with your memo under reply are returned herewith.

Yours &c

Akalsha Khadre Makan at
Channapatna.
26 JUL 1905 :0:--------

The Chief Engineer in forwarding a copy of Government Proceedings No.3886-8 M.T. 56-94 of 10th June 1904 passing orders on the affairs of the Akalsha Kadre Durga at Channapatna called for Estimates for Repairs of the Durga ~~&c~~ as per para 4 of the Proceedings.

11. The Executive Engineer Bangalore Division in his No.142/26 of 10-1-05 submitted for orders Estimates amounting to Rs.8660/- as detailed below.

Mosque..... ...Rs. 252.
Dewankhana.....Rs.2710.
Nagarkhana.....Rs.1705.
Akalsha Tomb.....Rs..108.
Gulamsha Khadri Tomb..Rs..214
Osman Khadre Tomb....Rs..582.
Pandarkhana.....Rs...26.
Hindustani School.....Rs.1177.
Hall.....Rs...86.

111. In according sanction by Government the following works were deferred for want of funds.

Nagrakhana Estimate Rs.1705.
Dewankhana Estimate Rs.2710.
Hindustani School Est.Rs.1177.
and an estimate for necessary kind of compound wall called for.

1V. A supplemental Estimate

amounting to Rs.32?/- providing for the usual Establishment charges and Tools and Plant was also sanctioned in Government Proceedings No.4478-80 Mun: F 56-94 of 30-5-05.

V. Mr.V.Sreenivasa Rao the then Superintending Engineer inspected the Durga on 2[illegible]th.August 1905. and called for Estimates for certain items of additional work.

(a) For Akalsha Khadre Durga.

Tiled floors.3 Doors and two windows to Mosque.

(b) For Akalsha Khadre Tomb.

adapa slab flooring

(c) Gulamsha Khadre Tomb.

The Dome to be taken down and flat stonas substituted as it is badly cracked and the structure is in a dangerous condition.

(d). Roodamsha Khadre Tomb

The old structure on this has fallen down, roofing is necessary.

VI. Further the Huzaral Secretary in forwarding letter No.2299 of 15-11-05 to Chief Engineer noted on the state of the Buildings etc and observed in para (2) that it is unnecessary to undertake a costly cpmpound wall and applied for an Estimate for putting up a live aloe edge all round the entire extent of the land belonging to the Institute and also for pullingdown the old walls of Nagarkhana and constructing a new one with a room for a Hindustani School, and an ordinary gate by the side of this

this new building.

VII. These orders have been received with Chief Engineer's No.7680 of 23-11-05 were communicated to Executive Engineer Bangalore Division and he has submitted the following Estimate vide his No.1509/229 of 7th April 1906 copy enclosed.

A. Supplemental Estimate for Akasha Durga Rs.600 provides for works ordered by Representative Rao.

B. Putting up Fire Lockers round Akasha Durga Rs.300

C. Combustion Indusion school and Nagarkhana Rs.2022/-

D. Reconstructing Kalsha Khana Comb Rs.1779/-

E. Osman Khan Tank Rs.758/-

2 Dewan Khana Rs 2710-4

VIII. These Estimates have been scrutinized and checked in this Office and are now in order with Chief Engineer's No.7680 of 23-11-05, subject to the approval of the Executive Engineer for the following items for disposal.

Estimate for Rs. 45.4 supplemental Akasha [illegible] para 2 of Chief Engineer's No. of 23-11-05).

Govt Pro : No. 311-3, dated 16th July 1906, sanctioning a sum of Rs 3449/- for certain improvements to the Akhal Sha Khadri Durga at Chenna-patna.

Petition Regd. No. 1401, dated 4th September 1906, from Syed Mohomed Hussein Padsha Khadri and Syed Mustan Padsha Khadri of Chennapatna, praying that a compound wall may be constructed around the Durga

Memo No. 8477/6, dated 18th December 1906, from the Chief Engineer of Mysore submitting for sanction an estimate amounting to Rs 598/- for the compound wall

Order thereon :— No. 3598-98/21.1.07

Encl 5

Among the items of improvements sanctioned for the Akhal Sha Khadri Durga at Chennapatna in the Govt Pro: of the 16th July 1906, read above, one item viz Rs for putting up a live Aloe Hedge at an estimated cost of Rs 280/-. Syed Mohomed Hussein Pasha Khadri and others of Chennapatna petitioned this office protesting against the putting up of the Aloe Hedge and praying for the construction of a good compound wall instead. The Chief Engineer to whom the petition was forwarded for disposal, has submitted an estimate for Rs 598/- for the compound wall.

25/1

2 From the Executive Engineer's report accompanying the Estimate subd by the Chief Engineer, it is observed that the proposed wall is only 400 ft long and would not enclose the whole of the premises of the Durga, and that the Aloe Hedging which was sanctioned has been put up and is fairly taking root and that the hedging has been completed towards the north and East of the Inst^n but that further work has been stopped pending orders on the estimate now submitted

3 ~~Hon'ble~~ With [illegible]

In the ~~above~~ foregoing, the Govt observe that the construction of a compound wall for the Durga was duly considered and abandoned, as there was absolutely no money at the credit of the Institution A large sum of money, viz Rs 1749/- has been contributed from the State Grant of this Year for the work of this Durga and the Government regret they cannot do anything more for the Instn The estimate now submitted for the compound wall should therefore be put off and the Above heading ~~ordered should be~~ completed.

A is letter no 1577 dy 11 May 1907.

In the reference to the above has the honour to state that the Dy Comr was requested to furnish particulars as to the Cooly Savings effected as per Margin in the Saving Bank and at the credit of the A K Kalsha Khadin Makka at Channapatna ;—

print out-

Rs 4072-2-6 in the Savings Bank deposit at the end of october 1904
536-0-9 at the credit of the distr
Do ——

In his letter under reply, he reports that a sum of Rs. 5227-11-3 is the balance available at the end of october 1904. It is not known whether the amount is either in the Savings Bank or at the credit of the Instn.

The Dy Comr is therefore requested to furnish the detailed information called for in this Office Docket No 3497 Dt 17th March 1905.

RO

Secretary

With reference to the above has the honor to point out that the information required

3497 dated 17th March 1905
has not been furnished.
In the said communi-
-cation it was observed
that the provincial
accounts showed that
in addition to the sum
of Rs 4072-2-6 available
in the Post-Savings'
Bank at the credit
of the Durga at Chuna
-pattra, there was a
balance of Rs 5536-11-9
at the credit of the
Trustee on the 31st
October 1904 but
that from October
1904 to

of the Quota was mis-

understood. The

Dy Comr was therefore

requested to furnish

particulars on this-

point, but the present-

from the D.C

response does not throw

any light on the subject.

He is therefore again

requested to furnish immediate

~~this point~~. the above

Estimate for construction
Devankhana – Rs. 3080.
Estimate for construction
Nagarkhana & Hindustani
School ——— 2039.

To

The Chief Engineer of Mysore

Sir,

With reference to your memo No. 2473, dated 6th April 1908, forwarding 2 Estimates as noted in the margin for constructing a Nagarkhana and a Devankhana for the Akhal Sha Khadri Durga at Chennapatna, I am directed to state that the question was considered by Govt. and the execution of those works was, in Govt. Pro no 311–3, dated 16th July 1906 rejected for want of funds moreover, in this Office No dated 10th July 1907, to you, an enquiry was made as to what works be carried out with materials already and with

some small additional cost
As even now there is absolutely
no savings at the credit of the
Durga, and as the materials
already available, would, in
the opinion of the Executive Engineer,
contribute very little towards the
construction of new buildings,
I am directed to state that it
is not possible to sanction the
Estimates now submitted for
constructing the Nagarkhana and
Kewan Khana, until sufficient savings
accrue to the Institution.

2. (Estimates are accordingly returned.) The enclosures to the letter under
reply are herewith returned.

I have &c,

Issue 26/5/08

Durga office
11-6-08

To The Muzrai Secretary of H.H. the
Maha Raja of Mysore
Bangalore

From

Chief Engineer forwarded an estimate for Rs 303 for the Construction of a Devankhana attached to the Makkan. As sufficient amount was available, the undersigned to Sanction the Estimate.

Sayed Mohammed Hussaini Saheb Khadri and Sayed Martandsha Khadri Magdar and Committee members of Hazrath Khalandsha Khadri Dargah - Channapatna

Orders were informed

We quite astonished receiving an endorsement

Orders say that Rs 1374-8-1 is available at the credit of Makkan. The amount is insufficient to meet the Cost of the Estimate.

No 5314 dated 22 May from you stating that there is no savings in the Durga Fund, to Construct Devankhana and Nakkar Khana Reports this to the Amildar of Channapatna Taluk asking to inform us if there is any savings in the Durga Fund In reply he has informed that there is savings of 1374-8-1 in said Fund Now pray you to Construct only Devankhana as soon as possible as there is no any Comfortable building in the Compound of Durga to perform Durga's ceremony now and then And moreover pounded stones and timber materials of roofing old building is ready The copy of the endorsement of Amildar of Channapatna taluk enclosed for your necessary action

Mr Chapelhead will [illegible] an order
from the engineering Department of
the corporation to construct Drains
Sewers as may be possible and return
endorsement to us. ——— Dorman
